"Services provided by BCIE are very excellent. Especially the staff here... are committed to their work and had helped me in my visa filing and preparation for the University and Visa interviews. Thankful to BCIE for such personalized efforts"

Jemimah Kondegri
Ghana,
Sheffield
Hallam
University

"I got to know about BCIE Ghana and the superb services they render through a trusted friend who had successfully been served by BCIE Ghana to find a school in the UK ... The expert coaching and guidance I received from BCIE Ghana made my visa application process stress-free and easy and saved me the pain of being refused a visa to study in the UK because of ignorance of Tier 4 Visa application rules. I recommend that students ... talk to BCIE Ghana. They will gladly serve you and you will be glad you did."

Stephen Oluwatobi Odeyemi
Nigeria, Deakin University

"I developed interest during my internship program in Lagos to attain a Master in Public health.

I was referred to British Canadian International education by my elder brother, who is currently in Curtin University, Perth Australia. With my elder brother's success story, I had interest in studying in Australia and only BCIE would help accomplish my goal. I researched hand in hand with delightful representatives in BCIE in getting the best school for me. Miss Taiwo Oluwatosin Yewande, Deakin University representative, was of utmost help in making my dream come true, from my successful application to the university to my successful student visa grant. I would also add that Miss Taiwo Oluwatosin Yewande is a very disciplined, dedicated and resolute representative.

Thank you Miss Taiwo Oluwatosin Yewande and BCIE for my awesome success story."

Oluwole Patrick Ojo
Nigeria, City University, London

"My age-long desire to acquire the UK education came to reality early this year after series of calls to Funmi and Francesca of BCIE office in Ibadan. The British Canadian International Education (BCIE) did not only tutored and guided but supported me throughout the visa processing period. My conclusion is that the BCIE is a reliable international education consultancy firm for every aspiring student for British and Canadian education. It has a team of very professional, dedicated and disciplined staffers that would deliver their promises to all prospective students. Ranging from assisting potential students in gaining the admission into the British and Canadian universities of their choice to the entire processes of visa application, the BCIE is a wise choice. I had wonderful and unforgettable experience of my life after my contact with BCIE, Ibadan."

Information on Australian internships during study

Employers increasingly want to see relevant industry experience in the graduates they hire. According to an annual survey by the National Association of Colleges and Employers (NACE), a staggering 95 percent of employers said experience is a major factor in hiring decisions. At CQUniversity, we are committed to ensuring our graduates are work ready by equipping them with real-world skills and up to date industry knowledge. To strengthen that commitment, we have introduced internships to the following courses for international students:

- Bachelor of Information Technology
- Master of Information Technology
- Master of Information Systems
- Bachelor of Business
- Bachelor of Accounting
- Master of Business Management
- Master of Human Resource Management
- Master of Management for Engineers
- Master of Project Management
- Master of Engineering

Benefits of the internship include; working in an organisation in your area of study, which allows you to build networks in your field that may open doors for you in the future.

An internship will give you a competitive edge in the global job market and increase your chances of full-time employment once you graduate.

You will enhance and develop skills in teamwork, decision-making and communication while having the chance to put your academic knowledge into practice.

You will gain an understanding of Australian work practices and culture.

What our students say about BCIE Ltd

Sylvester Okeke Nigeria, UNSW Australia

"My wonderful agent, you are indeed a guru, what a feat! An Australian visa in ten days! No one believed it. I had to send a copy to my supervisor and the graduate research school at Sydney Australia as a proof that wonders truly happen. Even the representative of the school here in Africa needed to see it too to believe it. I sincerely appreciate you for being instrumental to this. Thank you for the stress, thank you for the tenacity, resilience, diligence, tact, forthrightness, commitment to details, enquiry and professionalism. No wizardry in the art of grammar and words can capture my mind expression of gratitude to you, your team and BCIE staff. You guys are wonderfullllll! Please accept the assurances of my deepest regards."

Taiwo Olayemi Nigeria, Bournemouth University

"My experience with BCIE is unforgettable, they were detailed and extremely attentive to all my needs. I will and I am already recommending them to everyone"

Shumail Hafeez Pakistan, Griffith College

"Getting enrolled in the university of my choice with the help of the best counsellors out there. Mariam is an amazing counsellor. Her and everybody else gave me their time and energy and treated me like family and got the job done, for which I will be grateful."

Why the US is a better study destination for international students

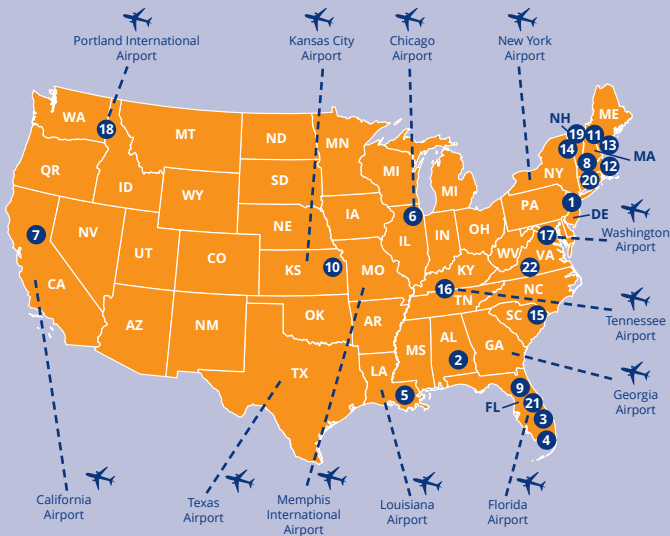

The US is a place where I never stop learning and never stop improving. I grew up in a small country where life was very comfortable but my network of people and knowledge was quite limited. Ever since I first studied in the US as an international student in 1999, the country has given me an education every single day I have spent here. Living and working in the US, I have the opportunity to learn and grow every day and each step I take is a step towards something bigger. From access to the newest research and a network of the brightest minds, to having the most advanced technology at hand or just being around a wide range of cultures and ethnicities, the US truly is the land that never ends. The country will never make you stop trying – or learning. It is the place where you have the opportunity to become what you

want to be. Every year Southern New Hampshire University helps hundreds of international students reach their goals and dreams. We would love to be the first step on your journey towards new horizons.

What our students say about BCIE Ltd

Kasim Yidana Mohammed Ghana, University of Hertfordshire

"My name is Kasim Yidana Mohammed. I am in University of Hertfordshire.

The lectures and tutorials are interesting and academically stimulating, and applied to real-world case studies which is extremely useful.

Thank you to BCIE Ghana. I had a wonderful experience working with the BCIE team especially with David who assisted me with all my school applications. They have a friendly and supportive environment I would like to thank them for helping me achieve my dreams of studying abroad."

Mavis Boamah Ghana, Deakin University

"BCIE has been a driving force and a pivot towards my education in Australia.

Staff at BCIE exercised great expertise in handling my application and visa issues. They played key advisory role in facilitating my university admission and visa application from A to Z.

The agency was instrumental from the school application, visa application and plane ticketing. And my successful enrolment in my dream university, Deakin in Melbourne is owed to BCIE.

I have no shred of doubt in recommending BCIE to anyone who wants to study outside the shores of Ghana.

For Education abroad, think BCIE. Thanks to all the Staff.... from Roni, JQ, Esther, David and Ike.

Good job!!!! God bless you all."

Obtaining your student visa – We will help make your dream come true

The BCIE Ltd team specialises in helping you to obtain your student visa. Our motto here is “never, ever give up” and we will help you all the way. This is why we have a student visa success rate approaching 100% – as long as you follow our advice!

As regards the BCIE Ltd global university network there are some important differences between the UK, Australia and the USA. The student visa processes are sometimes very different – and here are just a few examples.

- **The UK student visa:** This is called a “Tier 4 (General) Student visa” and you will need to do two things:
 - Score a certain number of points

- Pass an interview

- **The Australian student visa:** Here you will have to meet the G.T.E. requirement – proving that you are a “Genuine Temporary Entrant”.
- **The USA student F1 visa.** This time you will need to obtain an I-20 from a certified college or university, provide certain documentation and pass your visa interview.

Warning!!

The student visa process can take between 6 weeks and 6 months – so go along to your nearest BCIE Ltd office as soon as possible.

We have a good relationship with the visa authorities – and our highly trained visa specialists will help you navigate your way through to a life changing student visa.
