

One of the largest UK based Educational Agencies

Established in 2000 - BCIE can today boast quality and professionalism both as to the numerous students it places each year and as to the number of universities and colleges that trust us to represent them.

Redesign
the future!

Welcome

Welcome to the BCIE Ltd family – come along to one of our offices sooner rather than later and let's see if, working together, we can get you studying abroad!

Below are some recent developments at BCIE Ltd – making these exciting times to be an international student!

BCIE Ltd Global network: The UK is still the “Number One” destination for our international students – but Australia and the USA are becoming much more popular. We have continued to expand and diversify our BCIE Ltd global network of quality universities from the UK, Australia and the USA to meet the increased demand.

BCIE Ltd offices: We have continued to both consolidate and upgrade our network of offices and to put many of our staff through rigorous training programmes. A lot of our staff have visited the UK, USA and Australia and can advise you first hand. These developments reflect our long term commitment to our students, our universities and our staff.

BCIE Conference and Customer Service: 26 staff from the BCIE Ltd offices got together for the 6th conference in Dubai recently. The aim was to train the staff on customer services so that our student and universities have a better experience overall. This is in line with our continued commitment to enhancing our services.

As regards the future we continue to keep a close eye on developments in international education, and in this way we will continue to provide you with the very best service available anywhere in the world.

Why Study in the UK?

The UK's leading role in the industrial and scientific revolutions, combined with its long history and the sheer longevity of its ancient universities, are significant factors as to why its institutions are world-renowned. Whether you want to kickstart a successful career, gain world-recognised qualifications or perfect your English language skills, you'll find that the UK has a huge amount to offer.

The British higher education sector has emerged as one of the most influential higher education models in the world, widely recognised for its research and teaching excellence. Most courses offer some flexibility, with the chance to combine core modules with topics that suit your own interests and career ambitions.

The UK is a welcoming place for students of all nationalities, cultures and faiths, and is home to over 435,000 students.

Studying in the UK is an opportunity to discover its unique culture, cities and countryside – from music and sports to history and heritage.

The UK is one of the most exciting and productive places in the world for research, creativity and innovation. If you have a passion for learning and want to be at the forefront of your subject, this is the place to be.

Why study in Scotland?¹

Top Universities

Students pick Scotland because it has some of the world's best universities. In fact, Scotland has more world-class universities per person than anywhere else!

Great Prospects

A Scottish education provides great prospects for employment. Employers highly value graduates from Scottish universities, with 90% of graduates finding employment or further study within 6 months of graduation.

Amazing Discoveries

A major reason to study here is to be part of world-renowned research. Researchers in Scottish universities are responsible for many world-changing innovations, including the MRI scanner and keyhole surgery. 99.9% of Scottish researchers are working in disciplines where world leading research is taking place

Fabulous Location

Scotland has some of the major European cities right at its doorstep. London about an hour's flight away and Paris is under two. With regular flights and airports throughout the

country, Scotland provides an ideal platform to experience the best sights in Europe

And...

Scotland is bursting with exciting events. Every year there are over 350 festivals, from the biggest music acts at T in the Park, to the world's largest arts festival at The Edinburgh Festival Fringe. There is always something new and exciting happening in Scotland.

Still not convinced and have 3 minutes to spare... then watch this: <https://vimeo.com/47511069>

What our students say about BCIE Ltd

Becky Douglas
Nigeria, Swansea University

I thank BCIE for giving me such a great opportunity. I couldn't have asked for a better agency for this process. BCIE was extremely helpful and nothing was too much of a hassle for me, even when everything seemed so confusing BCIE kept me strong and I was confident once again. I would highly recommend BCIE to anyone who wants to further their education abroad and achieve excellent results.

Uche Christogonus
Nigeria, Deakin University

It is my absolute pleasure to recommend students seeking for admissions overseas to employ the services of BCIE because my experience with them shows that they take pride in consistently providing the best services to their students. With their help, I was able to get my admissions within one week and as if that was not enough, my Visas came out before the expected dates as a result of their relentless efforts and commitments.

Why choose Kingston University?

The teaching quality [at Kingston] is fantastic and the achievements of the academics are inspiring.

Why study in Australia?

A major destination for international students, Australia is welcoming, diverse, and cosmopolitan. Australian cities consistently rank among the top international cities in quality of living and choices available for study. Australia offers a diverse range of study options for international students, with more than 1,100 institutions and over 24,000 courses to choose from. Australian universities feature in the top 50 ranked universities in the world in the following study areas: Arts & Humanities, Engineering & Technology, Physical Sciences, Social Sciences, Life Sciences and Clinical, Pre-Clinical and Health.

Australia has five of the 30 best cities in the world for students based on student mix, affordability, quality of life, and employer activity – all important elements for students when choosing the best study destination. The country has a quality assurance system. The interests of students coming to

study on student visas in Australia are protected by the Education Services for Overseas Students Act 2000 (ESOS Act) which provides tuition protection for international students. By studying in Australia, you will receive a qualification that is internationally recognized and sought after around the world.
